18" Lavatory with Oval Bowl - ADA Compliant

Fixture is designed to be installed on a finished wall and serviced from an accessible pipe chase. Optional Wall Sleeve or Metal Template is recommended for all installations for required wall openings. Lavatory complies with ANSI, UFAS and ADA requirements for accessibility. Compliance is subject to the interpretation and requirements of the local code authority.

Cabinet is fabricated from 14 gage, type 304 stainless steel and is seamless welded construction with exposed surfaces polished to a satin finish. Cabinet interior is sound-deadened with fire-resistant material. There are no accessible voids or crevices where contraband can be concealed.

Lavatory Oval Bowl is 14-3/4" x 9-1/2" x 5" deep and includes an integral fast drain. Standard elbow waste outlet is 1-1/2" O.D. plain end.

Lavatory Valve is an Air-Control pneumatically operated pushbutton valve using atmospheric air. Pushbutton requires less than 5 lbs. to activate valve. Valve is metering, non-hold open type. Timing is from 5 to 60 seconds. Valve can be remotely located up to 10 feet from the operating pushbutton. Valve complies with the lead free requirements of NSF61, Section 9-1997.

Regularly furnished items include a fast drain, an ADA compliant control valve, an integral self-draining soap dish and mounting hardware for walls up to 8" thick.

Suffix Option -DMB, Deck Mounted Bubbler optionally available, provides a drinking bubbler that meets ADA requirements as described in Section 4.15. This option also includes a separate pushbutton and non-metering Air-Control valve.

GUIDE SPECIFICATION

Provide and install an Acorn Penal-Ware, 18" wide ADA Compliant Lavatory with Oval Bowl (specify model number and options). Unit shall conform with ANSI, UFAS and ADA requirements for accessibility. Fixture shall be fabricated from 14 gage, type 304 stainless steel. Construction shall be seamless welded and exposed surfaces shall have a satin finish. Countertop shall have an air-circulating, self-draining soap dish. Provide ADA compliant Air-Control pneumatically operated, metering, non-hold open pushbutton valve. Valve to comply with NSF61, Section 9-1997 lead free requirements. Cabinet interior shall be sound deadened with fire-resistant material. Fixture shall be furnished with necessary fasteners to complete installation.
