

Option -MSH

Multi-Stream Head - The Multi-Stream, Ball Joint Shower Nozzle is available on all Acorn Shower-Ware® systems. The spray pattern is created through a multiple orifice design and is bather adjustable to create a narrow stream or wide pattern. It is ideal in areas that are not prone to vandalism, such as hotels and athletic clubs where the user may desire a more luxuriant shower. Unit may be configured for standard Shower-Ware showerhead or for Bent Arm applications.
