

Option -RLD

“D” Shape Basin Less Valves -

This option provides an individual D shape basin, and is less the standard valve. It is intended to provide space on countertop to allow for use of a deck mounted faucet. This option must be used in conjunction with the -09 Less Spout and Valves option and requires the specification of the required VALVE PUNCHING. For 3700 series models, this option is a drop-in basin. For 3700IB and 3710 series models, this option is an integral basin. For 3770 series models, this option is a molded-in basin
