Mop Sink

Fixture is fabricated of 16 gage, type 304 stainless steel and is seamless welded construction with satiny finish on exposed exterior surfaces. Unit is arranged to be installed onto a floor and against finished wall.

Mop Sinks are 8” deep with an integral basin and is sound deadened with a fire resistant material. Integral drain includes a removable flat grid strainer and provides for an inside gasket connection to 3” IPS pipe. The mop sink is pitched to the drain outlet to provide positive drainage and includes an apron on three sides.

Optional Tiling Flanges extend 1” above the shoulder and can be specified for up to 3 sides. When the -TF Tiling Flange option is specified, an apron will not be provided on the specified sides.

Accessories to complete the installation of the mop sink include:
- Chrome Finish Faucet
- 36” Hose - To reduce splashing. Includes hose wall hanger
- Mop Hanger - Provides easy storage of the mop over the sink
- Rubber drain gasket - Eases drain connection
- Stainless Steel Wall Guards - Protects sensitive walls from splashing water
- Tiling Flanges - Simplifies field installation.
- A beehive dome strainer is optionally available.
