For Bather Safety and Comfort

## SHOWERING AND TEMPERING PRODUCTS

**SV16**  
Shower Valve

**ST70**  
Sink and Lavatory Tempering Valve

**ST7069**  
Shower and Lavatory Tempering Valve

**ET71**  
Emergency Tempering Valve

**MV17**  
Hi-Lo Master Mixing Valve

### Our Products

All valves are **patent pending** and include state-of-the-art thermostatic sensors with fast response and long term reliability for the highest level of protection against hot or cold water supply temperature changes and pressure variations.

All valves include integral inlet screens, easily accessed and replaced after the product is installed, making it easy to remove start up debris and prevent it from affecting valve reliability and performance.

The MV, ET and ST lines come standard with cartridge-style checks for superior cross flow prevention vs. traditional check stops. Available full-port ball valve inlet service stops are standard on the MV17 line, optional on the ET71 and ST lines. Only Acorn Controls provide the best checks and service stops available on all products.

### Listings & Approvals

Acorn Controls offers a **complete line of lead-free\*** products that meet or exceed the following standards:

ASSE 1016-2011	ASSE 1071-2008
ASSE 1017-2009	ANSI/ISEA Z358.1 -2009
ASSE 1070-2004	ASME A112-18.1-2011
ASSE 1069-2005	CSA B125.3-11

\* (less than .25% of wetted surfaces by weight)

INNOVATIVE SPIRIT AND ENGINEERING FOUNDATION

"What sets us apart from competitors is our engineering and spirit. We have a 'can-do' spirit. If you ask us to do something, we will do it or figure out how to do it. That's the part our customers like, that's the part we like."
