

# SECURITY HYDRATION BOTTLE FILLER

FOR JAILS AND PRISONS

The Ligature-Resistant Bottle Filler with Water Bubbler by Acorn® is specifically designed for correctional facilities and other Justice-based applications. This is a vandal-resistant unit that minimizes ligature points to reduce the opportunity for self-harm related to ligature attachment. The unit's bottle filler feature offers a low-contact way to access fresh, clean drinking water, which can reduce the spread of germs.
