

Model S0340-FPB__

Pedestal Mounted Eye/Face Wash
Stainless Steel Bowl, Frost Proof Bury

SPECIFICATIONS:

Model S0340-FPB__ is a pedestal mounted eye/face wash, with a stainless steel bowl, ABS plastic eye/face wash spray heads and a frost proof bury valve with a push handle. Valve and supply are buried below the frost line to protect the unit from freezing. The assembly is designed to drain completely, thus leaving no residual water in the unit and preventing it from freezing. Standard bury lengths are 24", 36" and 48". Specify the bury depth of the valve with the last two (2) digits of the model number (i.e. S0340-FPB24 for 24" bury).

STANDARD EQUIPMENT:

Spray Head Assembly: ABS yellow plastic Eye/Face Wash heads supplied by a combined integral 3.7 GPM (14 LPM) Flow Control, with integral flip Dust Covers, internal Flow Controls and Filters to remove debris from the water. An anti-microbial agent is molded into the ABS material, providing integrated protection.

Valve: 3/4" NPT freeze-resistant valve and push handle. The valve and supply are buried below the frost line to protect the unit from freezing. The valve has a bleed outlet to prevent the accumulation of water within the unit, thus permitting it to drain after each use.

Water Supply: 3/4" NPT male inlet.

Waste: 1-1/4" NPT female outlet.

Bowl: Stainless steel, 11-3/4" diameter bowl.

Piping & Mounting: Schedule 40 galvanized steel piping and a 9-1/8" diameter cast iron floor flange with a yellow powder coated finish.

Universal Sign: ANSI compliant, vertical identification sign.

Weekly Test Tag: A waterproof test card to record the date and inspector's name for weekly functional testing of the unit.

☐ Model: S0340-FPB__

OPTIONAL ACCESSORIES:

Additional costs may be incurred

- ☐ -MS1 MAP (magnetically actuated proximity) switch, for one (1) actuator
- ☐ -SDC Stainless steel dust covers
