# CONVENIENT SOLUTIONS

## FOR HAND WASHING NEEDS

The two greatest responsibilities of any theme park are guests' enjoyment and safety. Without high standards in both of these areas, the theme park won't last long.

Acorn Engineering Company is in a prime position to meet theme parks' sanitation needs, offering a wide variety of outdoor sink stations, portable sinks, multi-user hand washing sinks, and more in our Kwik Ship™ program. The Murdock® Wash-N-Go!® station even combines a hand wash sink with a water bottle filling station, water fountain, and pet fountain for service animals.
